Why not be a part of Smile Spa's latest cosmetic teeth whitening technology? In just 40 minutes you can offer your clients a dazzling white smile.

With Smile Spa you can enter this new and lucrative market helping you attract new clients to your business and offer them this exciting new service.

FREQUENTLY ASKED QUESTIONS

Q. What makes your Chlorine Dioxide teeth whitener different from others?

A. Smile Spa's new technology revolutionises teeth whitening. Traditionally, teeth whitening has relied on Hydrogen Peroxide as the whitening agent that has many drawbacks. The Smile Spa teeth whitening formula is based on Chlorine Dioxide and can achieve better results than Hydrogen Peroxide and overcomes most of its problems.

Q. What do I get for my money?

A. The Smile Spa system includes an Aspirator unit, an LED Matrix dual activator and everything you need to get started. We also include a no-quibble 3-year guarantee on our equipment. Smile Spa routinely places adverts in newspapers, beauty magazines, internet, radio and television to increase product awareness. Any leads in your area will be forwarded to you.

Q. Is it for everyone?

A. In fact, Smile Spa gives superior results to most* people who wish to whiten their teeth. This includes people with teeth that have been stained by smoking or by substances like coffee or tea.

Q. Is it safe?

A. Yes, scientific articles have shown that our Chlorine Dioxide whitening gel is effective and safe for cosmetic tooth whitening. It does not change or damage the structure of teeth: it merely makes them appear whiter and brighter.

Q. How long does the treatment take?

A. In only 40 minutes, discolouration that has built up over the years will simply disappear. It takes no longer than the time it would for your client to have a haircut or a facial - it really is that simple!

"As a Dentist, I am using the Smile Spa tooth whitening system. I have found it to be safe, effective and without any tooth sensitivity or other problems commonly associated with Hydrogen Peroxide"

Dr. Parag Patel, LXiR Dental Centre of Excellence, 61 Harley Street, London

"I've looked into all the teeth whitening systems but this is the best. The response has been phenomenal. I have no hesitation in recommending Smile Spa..."

Denise Morgan, Smile Spa Swansea
